8. DESCRIPTION AND CHARACTERISTICS OF AREA:

Terrain: Hillside with many view locations. Some construction hazards but not serious. Land improved 60% including large estate sites. Deed restricted to single family dwellings with minimum improvement costs, and protection against racial hazards in perpetuity. Zoning conforms to deed provisions. Conveniences are all reasonably available for this type of neighborhood. Development of this area commenced some 20 years ago, and has been gradual. It is currently experiencing its greatest activity. Construction and maintenance are of excellent quality. Architectural designs are appealing and population is homogenous. Land is valued on homesite basis and front foot prices are not quoted. A number of large walled-in estates are located here and most improvements have generous sites. The area is characterized by charm of location, expansive views and ready accessibility. There are no serious detrimental influences and trend of desirability is distinctly upward. The area, therefore, is accorded a "low green" grade.

9. LOCATION: East Glendale

SECURITY GRADE: 1st
AREA NO.: A-7
DATE: 5/29/39
