   a. HOLC
   b. Institutions

6. MORTGAGE FUNDS: Ample

7. TOTAL TAX RATE PER $1000: 1938 $52.70 1939

8. DESCRIPTION AND CHARACTERISTICS OF AREA:

Terrain: Level with rather inadequate drainage, owing to lack of grades. Adobe soil offers a slight construction hazard. Land improved 90%. Deed restrictions offer full protection and zoning is also favorable. Conveniences are all adequate and readily available. This area was subdivided some 12 years ago and it developed very rapidly. It is a popular district and construction, maintenance and architectural design are of high order. The population is homogeneous and improvements are uniform. Lot values run from $45 to $50 per front foot. Wilshire Blvd., which bisects the area, is a distinct traffic hazard. While this area has a high appeal and is very popular, the fact that it is almost completely developed precludes better than a "modal blue" classification.

LOCATION: Robertson to Arnez. SECURITY GRADE: 2nd. AREA NO: 8-61. DATE: 2-1-39
CAUTION: This area is currently affected in whole or in part by an Ad valorem Tax District. Individual properties should be checked for this hazard.
