6. MORTGAGE FUNDS:  
   a. Selective
   b. Institutions: Few

7. TOTAL TAX RATE PER $1000: 1937-1938 $50.40

8. DESCRIPTION AND CHARACTERISTICS OF AREA:  
   Terrain: Level with no construction hazards. Very poor soil in western part. Land improved 50%. Conveniences are all available, including interurban transportation to Pomona, Pasadena and Los Angeles. This is the best residential section of Azusa and has developed slowly during the past 25 years or more. The section north of 10th St., west of and including both sides of Azusa Ave., has a higher elevation than the rest of the community, is somewhat newer and is somewhat better than the rest of the area. Construction and maintenance is generally of good quality. Population is homogeneous. Owing to age differentials, and variety of architectural designs, the area presents a somewhat heterogeneous aspect. Land value approximately $10 per front foot. The area is definitely declining but will probably retain its present status for a number of years to come. Therefore a "high yellow" grade is accorded.

9. LOCATION: Upper Azusa

9. LOCATION: Upper Azusa  SECURITY GRADE: 3rd  AREA NO. 0-30  DATE: 5/5/39
