8. DESCRIPTION AND CHARACTERISTICS OF AREA:

   Terrain: Level to hilly with some sharp grades which constitute construction hazards. Land improved 55% out of possible total of 85%. Deed restrictions: An unrestricted district which is also lacking in definite zoning. Public and parochial schools, churches, trading centers, recreational areas are all conveniently available. Dependent upon bus line on Figueroa St. for transportation. Within walking distance of Civic Center. This is an extremely old area which was never highly regarded and is now thoroughly blighted. A part of it known as "Dog town" is a typical Mexican peon district. Although there are a few old fairly presentable homes which are still in original ownership, the area as a whole is dilapidated and inhabited by a highly heterogeneous and subversive population. The area being thoroughly "blighted" is accorded a "low red" grade.
