17. Describe company's method of handling acquired real estate, explaining any particularly successful sales campaign.

18. To have an agent whose office is sufficiently large to give reasonable coverage and maximum outlets.

19. In Sacramento our loan delinquencies climbed to approximately 1% during 1933-34, but for the most part, they worked out satisfactorily and at present are less than 1%. We have found that servicing by personal interview is the most satisfactory method. Regular contacts are made with any delinquent borrower.

Agent's Note: For interview and information not given above, see San Francisco Survey Report.

* Residential property is defined as a 1-4 family dwelling or a combination business property and dwelling for not more than four families.
