Agricultural Land Use

A large amount of the agricultural lands in Sacramento's trade territory, particularly to the north, is not being put to its highest and best use. This is recognized by agricultural experts, and while this will undoubtedly be corrected, it will take time, and in the meanwhile Sacramento will suffer an economic disadvantage by reason of this condition.

In the areas adjacent to the Western Pacific Railroad shops and yards the noise made by the nightly icing of cars is a detrimental influence.

The areas surrounding the State Fair Grounds are subject during the two Fair weeks to the annoyance of congested traffic and parking and to the noises incident to the occasion.

In Area C-14 there are a number of old gravel pits which are unsightly and detract from the locality. It is said that this will be overcome in time by the city's Park Board.
