5. CLARIFYING REMARKS: A lower middle-class area, without zoning and deed restrictions.
   There were many defaults in Improvement District Bonds and much vacant property
   was forfeited to the bond holders. North Sacramento is said to have a zoning
   ordinance in preparation, but it is not yet effective. Construction ranges from
   cheap to medium quality. The northern part of area has a very low percent of land
   improvement, and it is possible that it may develop into a higher grade. The area
   as a whole is assigned a "medial yellow grade".
