5. CLARIFYING REMARKS: This area is outside the city limits and therefore lacks zoning but is said to be either wholly or partially protected by deed restrictions. This has been one of the "hot spots" of the community for the past several years and the influence of the 1st grade area to the east is very evident. Victory and Louis Parks also add to the attractiveness of the district. The large amount of new construction, while in the medium price range, is of good quality and dwellings are well maintained. The pattern of the area is distinctly of a first grade character, however, the lack of fully improved streets and sewers coupled with poor transportation facilities and distance from city center, precludes assigning more than a provisional "high blue" grade.
