5. CLARIFYING REMARKS: There are no deed restrictions. While area is zoned for 2-family dwellings, it is predominantly a single family district. There are two or 3 second rate bungalow courts in the area. The street improvements in the area will compare favorably with any in the city, and if it were not for the subversive racial influences, this area would be broken down into three third grade areas, running from high to low "yellow". The high yellow being in the strip along American Street. As it is, the heterogeneous population has caused a wide spread in the character of upkeep and it is not felt that the area should be accorded better than a "high red" grade.
